

Register for 'Innovators' to frankenstein your very own robotic creation complete with all the advanced-level features one may ask for in a commercial-grade robot.

Designed for individuals who are passionate about robotics, Innovators is unlike any other robotics workshop you will attend. It's like a marathon where you will be competing against other participants to design a robot that's a perfect representation of your skills and knowledge of robotics.

Battle of the Robots

Workshop Highlights

- ◆ Acquire the advanced-level robotics skills and knowledge that you may need to stand shoulder to shoulder with an industry expert
- ◆ Get a chance to improve your organization and collaboration skills and learn how to ensure on-time, on-budget delivery of a project
- ◆ Experience the thrill of participating against others in a robotics marathon that requires great creativity and innovation skills
- ◆ Put all your robotics skills to use to design and construct a feature-rich, highly-functional robot
- ◆ Take home all the training materials and software from the workshop to hone the robotic skills you have acquired
- ◆ You can choose to buy your own robot to show it to your friends and family and practice at home

What will You Get?

- ◆ A certificate of learning from Aerobotics Global that can be used for enrolling in our advanced robotics workshop
- ◆ A high speed USB device
- ◆ A Deep learning experience to ignite your curiosity to experiment, learn, and explore new opportunities in robotics

What Do You Need to Participate?

- ◆ Untiring passion for innovation
- ◆ A desire to innovate and learn robotics
- ◆ A laptop to run and use robotics software
- ◆ Food to munch on while you experiment and create

**Do you have what it takes to come up with
the next BIG robotics idea?**

**Become one of the 'Innovators' and learn how to turn your
idea into exciting inventions!**
